Mr. W. H. Britton, President
Westinghouse Materials Company
of Ohio
P. O. Box 398704
Cincinnati, OH 45239-8704

Dear Mr. Britton:

ACTION MEMORANDUM: INACTIVE FLY ASH PILE/SOUTHFIELD AREA

Reference: Letter, DOE-930-90, Raymond J. Hansen to M. B. Boswell, "CERCLA
Removal Actions," dated April 23, 1990

Dear Mr. Britton:

The enclosed Removal Site Evaluation for the surface contamination of the Inactive Fly Ash Pile/Southfield area has been reviewed by my office. Based on this review, DOE has determined that this project constitutes a time critical removal action. To prevent possible exposure of employees or the general population to the contaminants in the Inactive Fly Ash Pile/Southfield area WMCO should implement the following institutional controls:

- (1) Roping or fencing the area to restrict access.
- (2) Placement of warning signs.

A copy of this Action Memorandum and the RSE should be incorporated into the Administrative Record.

If you have any questions, please contact Oba Vincent at extension 6937.

Sincerely,

Gerald W. Westerbeck
Manager, Fernald Site Office

DP-84:Vincent
